

QUANTUM WHAT? SIGNS WONDERS & MIRACLES

There will be signs and wonders in skies and on the earth....the world will be stunned stoop-tified and amazed...and it even be filled with fear. The fireworks of 'supra-naturalism' are about to begin, not that the supra-natural (supra- above the understanding and ability of man) hasn't been happening but what is to come will blow all of history's charts off the table. Do need an 'end time security system'?

Would you or have you jumped into anything that is or seems supra-natural? Have you ever been deceived, if so how did you get out? This week we will deal with what can open a person up to Godor what can be (is being) used to bend a mind and pull a soul into a thick darkness they cannot see.

Are there supra operating forces that are influencing world political, military and economic leaders here? If so why, who is doing it and what for reason? *Vitally import!!! how do you know if it's happening ...and how do you get out if you see you're standing in the thick quicksand of supra darkness.*
